TERMINAL - ALARM SYSTEM	:	

This is a decision on the renewed Petition to Revive an Unintentionally Abandoned Application Under 37 CFR 1.137(b), filed December 9, 2009.

This Petition is hereby **granted**.

The above-identified application became abandoned for failure to timely and properly reply to the Notice to File Missing Parts of Nonprovisional Application ("Notice"), mailed March 8, 2004. The Notice set a two (2) month period for reply. Extensions of time under 37 CFR 1.136(a) were available. No complete and proper reply having been received, the application became abandoned on May 5, 2004. A Notice of Abandonment was mailed October 27, 2005.

Applicant files the present renewed petition response to the Notice¹. The petition satisfies the conditions for revival pursuant to the provisions of 37 CFR 1.137(b) in that the petition includes (1) the reply, filed June 8, 2006; (2) the petition fee, filed March 14, 2006, and (3) the required statement of unintentional delay. Accordingly, the reply is accepted as having been unintentionally delayed.

This application is being referred to the Office of Patent Application Processing ("OPAP") for processing of the reply to the Notice in the normal course of business.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-3232.
